

SHAURYA NIGAM

✉ shnigam_10@bennett.edu ✨ +91 9818856335 📍 Delhi, India 🌐 github.com/shauryaa 🌐 linkedin.com/in/shaurya-nigam

PROFESSIONAL SUMMARY

AI and Full-Stack focused Computer Science student with hands-on experience in machine learning, predictive systems, and intelligent application development. Ranked in the Top 100 teams at Smart India Hackathon out of 500+ teams at Bennett University for an AI-powered telemedicine platform targeting rural healthcare accessibility. AWS Certified AI Practitioner with a CGPA of 8.95, proficient in Python, scikit-learn, SQL, and cloud technologies.

EDUCATION

Bennett University
Bachelor of Engineering | CGPA: 8.95/10

Greater Noida, India
08/2024 – 06/2028

TECHNICAL SKILLS

Programming Languages and Web: Python, Java, C++, HTML, CSS, JavaScript, React
CS Fundamentals: DSA, Operating Systems, Database Management Systems (DBMS), Object-Oriented Programming (OOP)
Machine Learning and Data Science: Scikit-learn, TensorFlow, Deep Learning, Feature Engineering, NumPy, Pandas, Data Analysis
Databases and Cloud: SQL, MongoDB, AWS
Tools and Platforms: Git, GitHub, Figma, Linux, Matplotlib, IntelliJ IDEA, VS Code

PROJECTS

- NABHA Telemedicine Platform — Smart India Hackathon (Top 100)** JavaScript, React, Python, Scikit-learn
Full Stack AI & Cloud integrated Project 09/2025 – 12/2025
- Engineered an AI-powered telemedicine platform with an integrated **symptom-analysis chatbot** and secure **cloud-based** patient record management, validated with **100+ users** across rural environments.
 - Built an Emergency SOS system with **real-time location-based** clinic discovery across **50+ clinics**, alongside a doctor-patient consultation module with **end-to-end encrypted** digital health records.
 - Optimized for **low-bandwidth environments** with multilingual support across **5+ languages**, enabling accessible healthcare delivery for underserved rural populations.
- CivicFix — Civic Issue Reporting and Tracking Platform | GitHub** React 18, Tailwind CSS, Leaflet.js, Vite, Scikit-learn
Design Thinking & Innovation Project with AI Integration 01/2026 – Present
- Built a full-stack AI-powered civic issue reporting platform across **8 issue categories** with a **4-step GPS-enabled wizard**, photo evidence upload, and **AI-driven severity analysis** — with **100+ registered users** and **50+ issues logged**.
 - Engineered **3 AI modules** including an Issue Analyser with **7-day duplicate detection**, an AI City Predictor surfacing locality-level civic health scores, and an AI Letter Generator producing **75+ formal government-format complaint letters**.
 - Developed a real-time Admin Dashboard with **4-stage resolution tracking**, live notifications, and an AI Insights Panel enabling transparent municipal issue management — built collaboratively in a **cross-functional team of 4**.
- Formula One Race Strategy Optimizer | GitHub** Python, Scikit-learn, Streamlit
Machine Learning Project 02/2026 – Present
- Developed **Gradient Boosting** predictive model for lap time forecasting achieving **1.2s RMSE**; applied feature engineering on tyre degradation and track temperature data
 - Designed pit-stop optimization via **Dynamic Programming** with memoization; built interactive **Streamlit** web app reducing simulated race time by **30+ seconds**

CERTIFICATIONS

- AWS Certified AI Practitioner – Amazon Web Services | Verify Here** 04/2026 – 04/2029
Verification Code: 1dd555b49c604f4fa5c61c834e75c6aa
- Validates hands-on understanding of AI/ML fundamentals, **generative AI**, and **cloud-based** AI service deployment on AWS.

EXPERIENCE

- GeeksforGeeks Student Chapter — Multimedia Head (Senior Core)** 08/2025 – Present
Bennett University Greater Noida, India
- Secured sponsorship from **Casio India** for GeekCode events, achieving **500+ registrations** and expanding reach beyond campus.
 - Led multimedia production of **10+ reels** accumulating **50K+ total views**, significantly growing chapter engagement and brand visibility.
- CodeChef Student Chapter — Social Media Manager** 08/2024 – 08/2025
Bennett University Greater Noida, India
- Managed end-to-end execution of **coding contests and workshops**, driving participation from **250+ students** across campus.
 - Designed and delivered **10+ monthly posts** across Instagram and LinkedIn, building and maintaining the chapter's digital presence.
